

R 8128S C HEATER

Product data sheet

Product range	Portable heaters
Product line	Double burner
Brand name	Qlima
Model name	R 8128S C
Colour	Stainless steel / Black
EAN code	8713508778624

Technical specifications

Burner type	Double combustion	
Capacity	kW	2.85
Suitable space	m ²	18 - 42
	m ³	45 - 105
Fuel consumption	ltr/hr	0.297
	g/hr	238
Tank capacity	ltr	5.2
Burning time tank	hr	17.5
Battery type (batteries not included)	"C" size x 4	
Dimensions (w x d x h) *	mm	455 x 295 x 505
Weight	kg	9.7
Guarantee **	years	4

* including base plate

** except ignition coil, manual fuel pump, glass cylinder(s) and wick

Accessories

Manual syphon pump

Transportation cap

R 8128S C HEATER

CO₂ sensor

Removable fuel tank

Automatic tip-over switch

Safety stop

Safe top

Spark Ignition

Features

CO₂ sensor:

This heater is equipped with a CO₂ sensor. The customer is informed when additional ventilation is required. The heater will be switched off when the room is not ventilated sufficiently.

No installation:

This heater can be installed without wires and without exhaust pipes. This makes it a very convenient heating source.

High efficiency:

This heater has a 99.99% heat efficiency with infrared radiation heating.

Wick-stop:

The wick stop mechanism of this heater limits the flame height adjustment. This ensures a clean combustion.

Automatic tip-over switch:

The heater will be shut off automatically when the heater is knocked over.

Safe top:

This heater is equipped with a safe top. The temperature of the top plate is kept relatively low for improved safety.

Safety stop:

This heater is equipped with a shut-off safety switch. By pressing this switch the heater will be shut off immediately.

Safety system:

This heater is equipped with a safety system which will shut off the heater in the event that the fuel tank has been removed.

Battery cover:

This heater is equipped with a cover for the batteries.

Fuel filter:

Protects the burner system.

Manual fuel siphon pump:

This heater is equipped with a convenient pump to fill the fuel tank.

Spark ignition:

This heater is equipped with a state-of-the-art sparkignition system. Due to the high voltage of the spark the heater is ignited very quick. The spark ignition system is very durable and can be used during the whole lifespan of the heater without any maintenance or replacement of parts.
