Non-respect of defined form and content as per nature and characteristics of product is considered as critical for mandated lab and ADEO Services Import Activity.

1. “Issuer’s name and address:”

The responsible issuer (with his address) and the name of the company should be specified. It could be the same as the manufacturer / maker address.

2. “Manufacturer / maker address:”

The address of the manufacture must be exact and complete, and should correspond on mentioned address on certificate / full test report.

3. “Product’s description”

- Product designation:

Generic 's designation of the product must appear. (Ex: Fan heater 50W)

- EAN code:

Specific code of ADEO to identify and trace the product

- Supplier ref:

The supplier ref of the product must be specified. It must correspond to the model specified in the certificate / EC type examination test report as per applicable Directives. If product is under scope of applicable Directives and Norms, identification of maker model must be exactly same on all reports.

emark: Add systematically main license model number and co license model number in ADEO DOC for co licens

4. “Directives; Associate EN norm; Certification test report”

- Add a cross in front of the concerned Directives based on sheet “Annex - Texts concerned”. As per nature of product, multiple directives can be involved.
- List all the associated European Harmonized Norm and Certification full test report (specify the lab’s name).

5. “The product and/or sub-component is under the scope of patent?”

If products or sub component is under the scope of patent, mention it and join all needed documents (license, scope of the patent...etc.).

All documents will be reviewed and validated by mandated lab and ADEO Services concerned parties... Maker take all responsibilities of declared information.

6. “Oil or grease used on the product”

Indicate in grams or milliliter if any oil or grease has been used on the product.

7. “Supplementary information”

The responsible issuer could add supplementary information here If necessary.

8. “Signature of Maker / supplier”

Full name, date and function of the signing persons authorized by the issuer’s management to sign on its

Form of declaration

The declaration may be in hardcopy, electronic media, or any other suitable mean as required by mandated
