

EU/EC Declaration of conformity

Product model name/ref
产品型号名称/参考
82014540

Name and address of the manufacturer or his authorised representative:
制造商或其授权代表的名称和地址
**ADEO Services, 135 Rue Sadi Carnot - CS
00001 59790 RONCHIN - France**

This declaration of conformity is issued under the sole responsibility of the manufacturer.
本合格声明由制造商全权负责。

Object of the declaration:

| | | |
|---------------------------------------|---|---|
| Product Type - Description: | C | EXTRACTOR FAN INTERMITENT 120MM SWITCH EQUATION |
| Product Reference: | D | 82014540 |
| Industrial Type Design Reference | E | 120 Simple K Q1 |
| Product Brand: | F | EQUATION |
| EAN Code : | G | 3276000607113 |
| Serial number coding or Batch Number: | H | SN 091819 00 DDDMMY nn PPPPPP |

The object of the declaration described above is in conformity with the relevant Union harmonization legislation

I 声明的目的符合相关的联盟协调立法

References to the relevant harmonised standards used or references to the specifications in relation to which conformity is declared:

J 参考所使用的相关协调标准或参考与声明符合性相关的规范

Where applicable*

- The notified name, number that has issued the certification and the reference to the document

- The quality System and or technical value requested by regulation (Ex Noise regulation)

K 适用时*

**DOC Template Version 8.2
INSTRUCTIONS**

PRIOR TO START REDACTION OF DOC

- 1 - Collect all the evidences (test reports, technical documentation that build the TCF
- 2 - When all these information provides presumption of conformity (it means everything is compliant at type approval, but also the test reports contents show sufficient margin to cover the forecasted production deviations), then you can start to issue the EC DOC
- 3 - Extract from the TCF only the Regulation & standards reference that concerns UE or EC declaration of conformity (do not add standards or regulation that do not concern UE/EC DOC)

FILLING THE FORM OF DOC

Only the Sheet " EN to be filled" shall be completed, this sheet is not the document that will be printed. The other sheets (the real DOC) will be automatically filled

The cell colored in blue shall be filled by typing caracteres or select the proper value

A - Select the type of declaration . Depending on the mix of regulation it can be EU, EC, or EU/EC declaration .
For instance : Machinery directive remains EC whereas EMC and LVD are EU so that A machine should have EC/EU DOC

B - For toys regulation a picture of the product shall be added to the declaration of conformity - Insert Picture

C - This field describe the type of product (it won't be translated)

D - ADEO product reference - For local MDH it can be the BU products' reference

E - Industrial Type Design reference (It refers to the industrial reference that is independent from any commercial reference rotation. (During the conduct of change * (to manage on going projects) up to TTM2020 it can remain the supplier industrial reference as far as it is exactly the same design, components , settings , once the conduct of change is performed, the industrial type design reference must be the one chosen by ADEO Platforms)

G - EAN code (optional) when it is filled the EAN code is printed next to the product reference in the final DOC

H - Serial number or Batch number(this information is compulsory

I - Select the regulation that fits the product concerned by the DOC - The translation of the regulation is automatic for the final DOC

J - Type the harmonised standard that have been used to show the product conformity to the essential requirements of regulation (STandard(YEAR) + AX + AY + AZ, no need to precise amendment year

K- When it is compulsory by the regulation
- Notified Body approval or when there is no harmonised standard fitting technologies or functions, we need to precise the NB name & number (sometimes the test report number) that have performed the type approval certification.
- The quality system chosen (ex Noise directive)
- Technical values (ex Noise directive)

L- Select the Quality Leader who is holding the responsibility of the product.

M- Set the date of issuance

N- Set the languages you want to be printed on real EC DOC

There are 3 sheets (you can combine up to 4 languages per EC DOC)

| | EC.DOC 1 | EC.DOC 2 | EC.DOC 3 |
|------------|------------|----------|----------|
| Language 1 | English | Italian | Select |
| Language 2 | French | Polish | Select |
| Language 3 | Spanish | Greek | Select |
| Language 4 | Portuguese | Romanian | Select |
