

**W600**

The drawing illustrates the components and assembly of a sliding shelf system. The main view shows a rectangular frame with a width of 485 mm and a height of 495 mm. The total width including side rails is 517 mm. A vertical section line D-D is indicated. A detailed view of the side rail shows a height of 56 mm. An exploded view at the top right shows the shelf panel fitting into the frame. Section D-D provides a cross-sectional view of the frame's profile.

Technical drawing of a sliding shelf assembly, labeled W600.

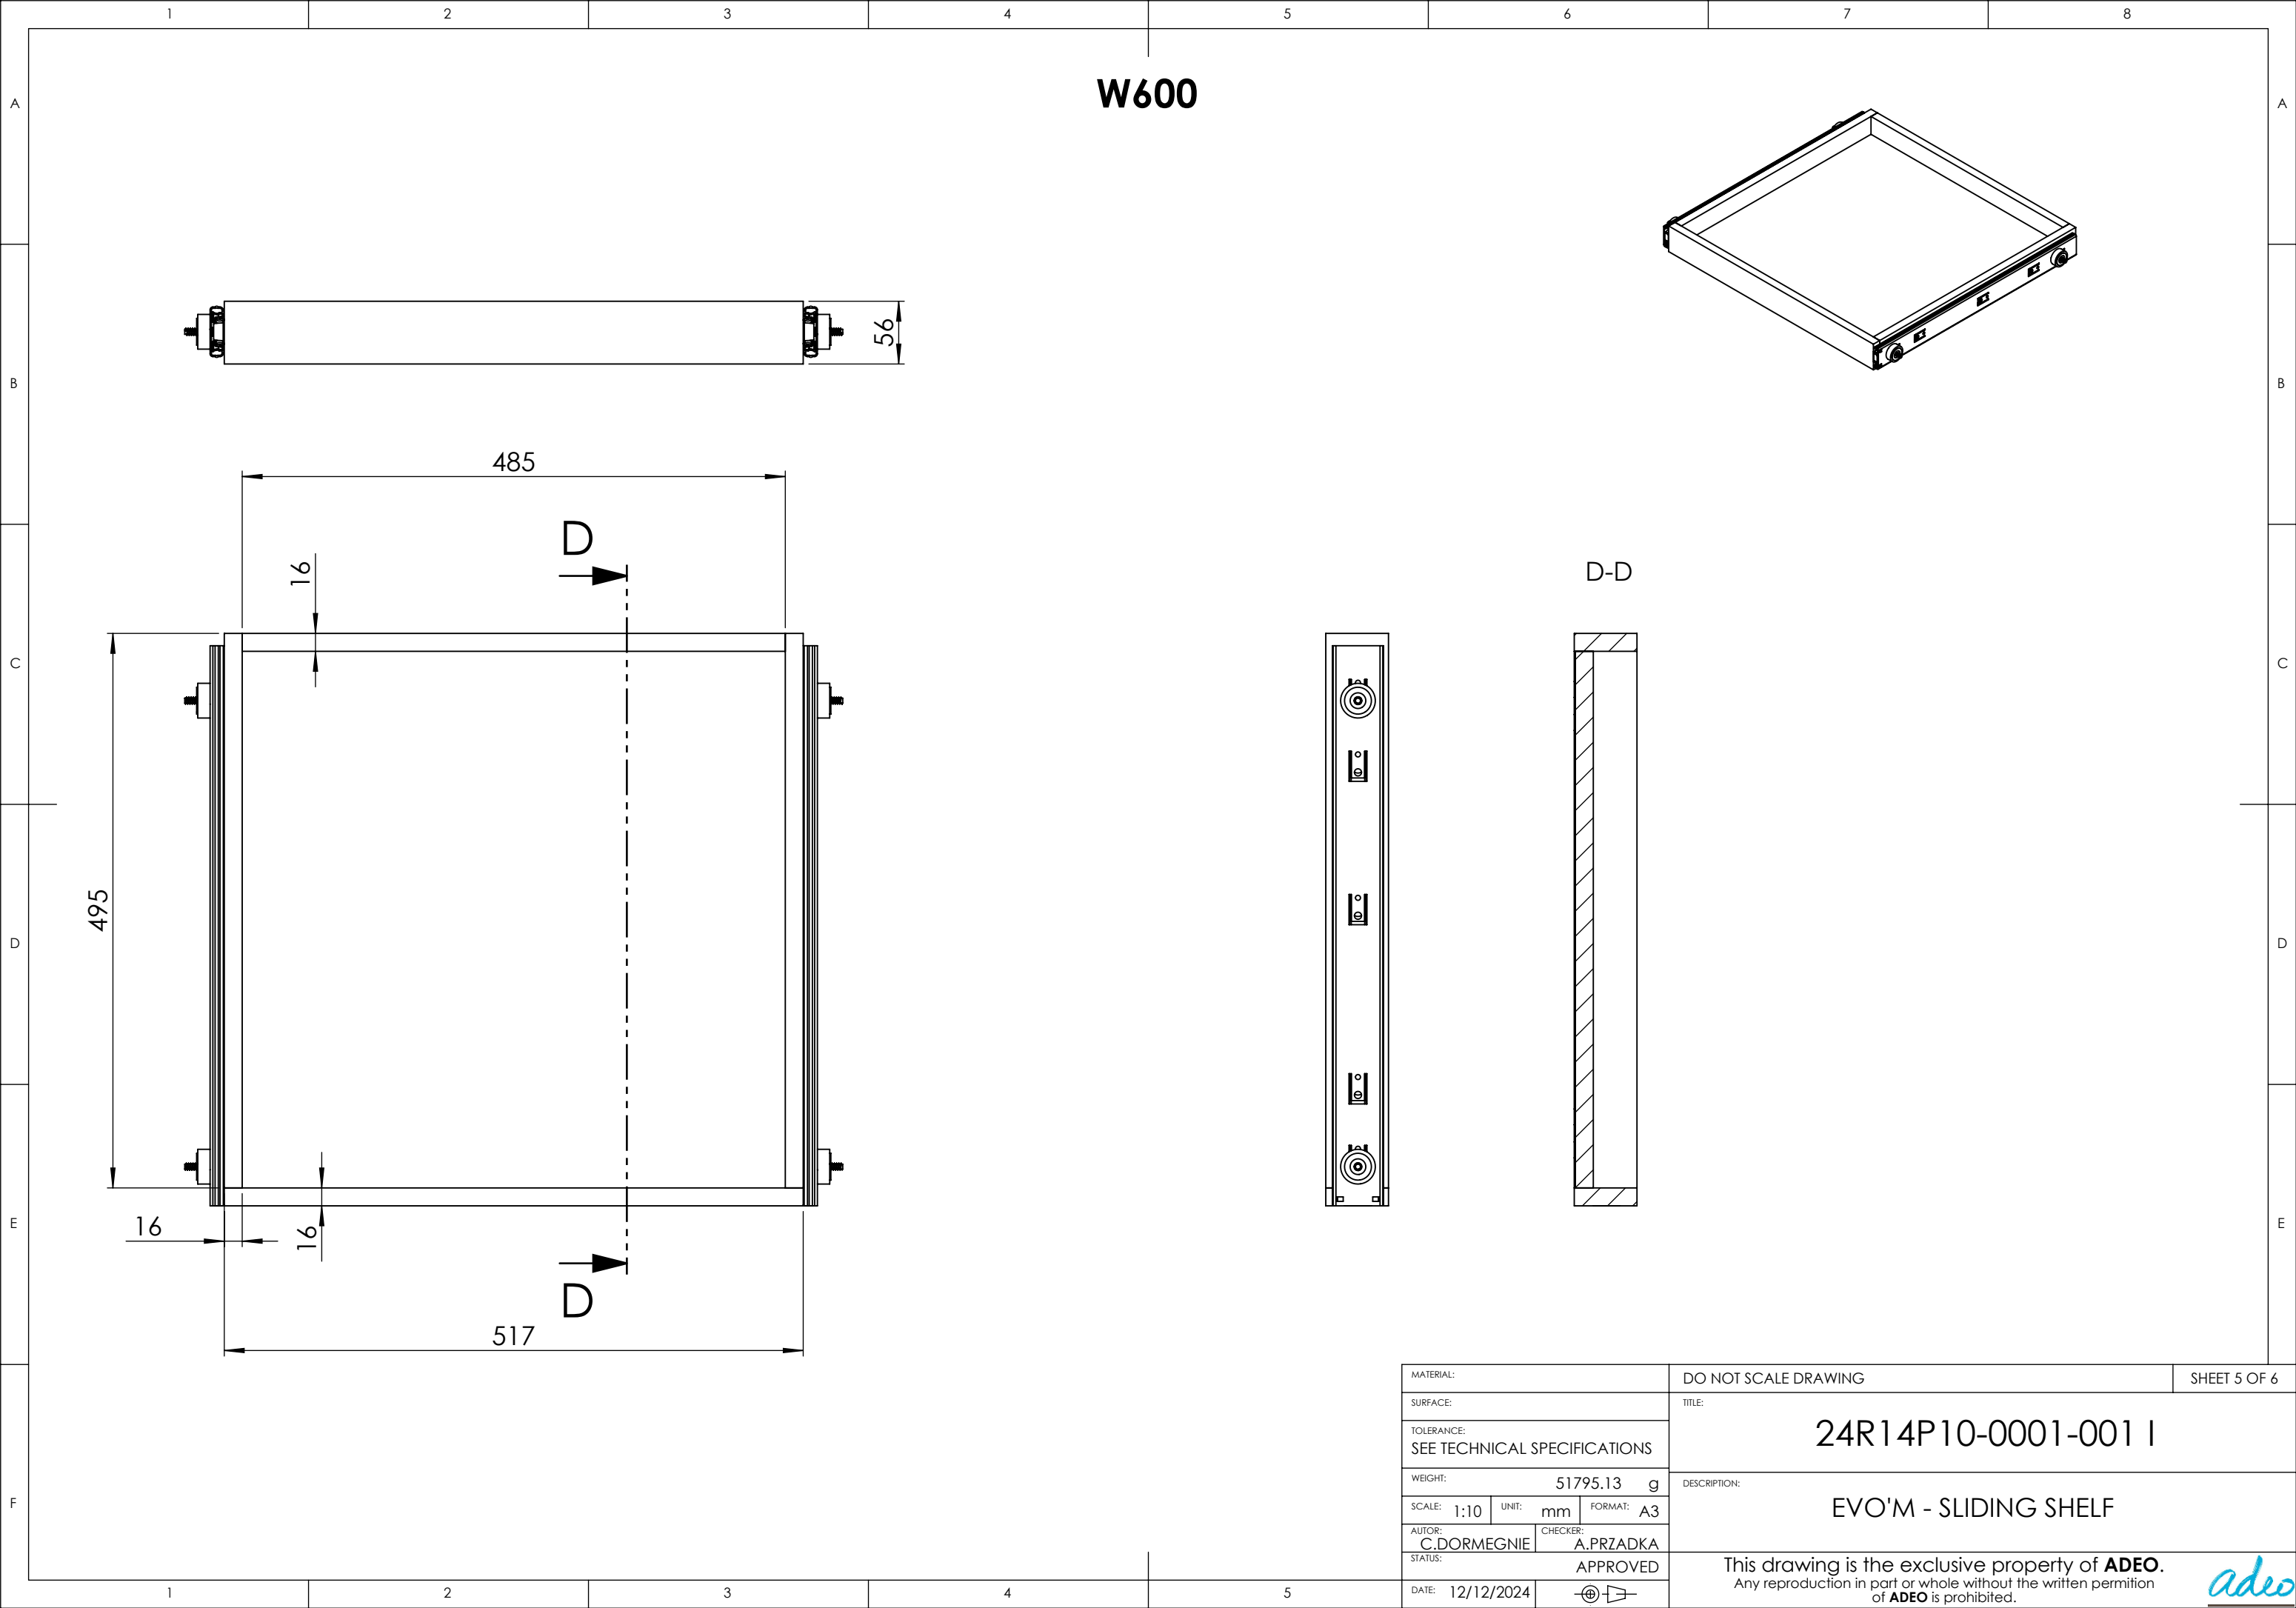

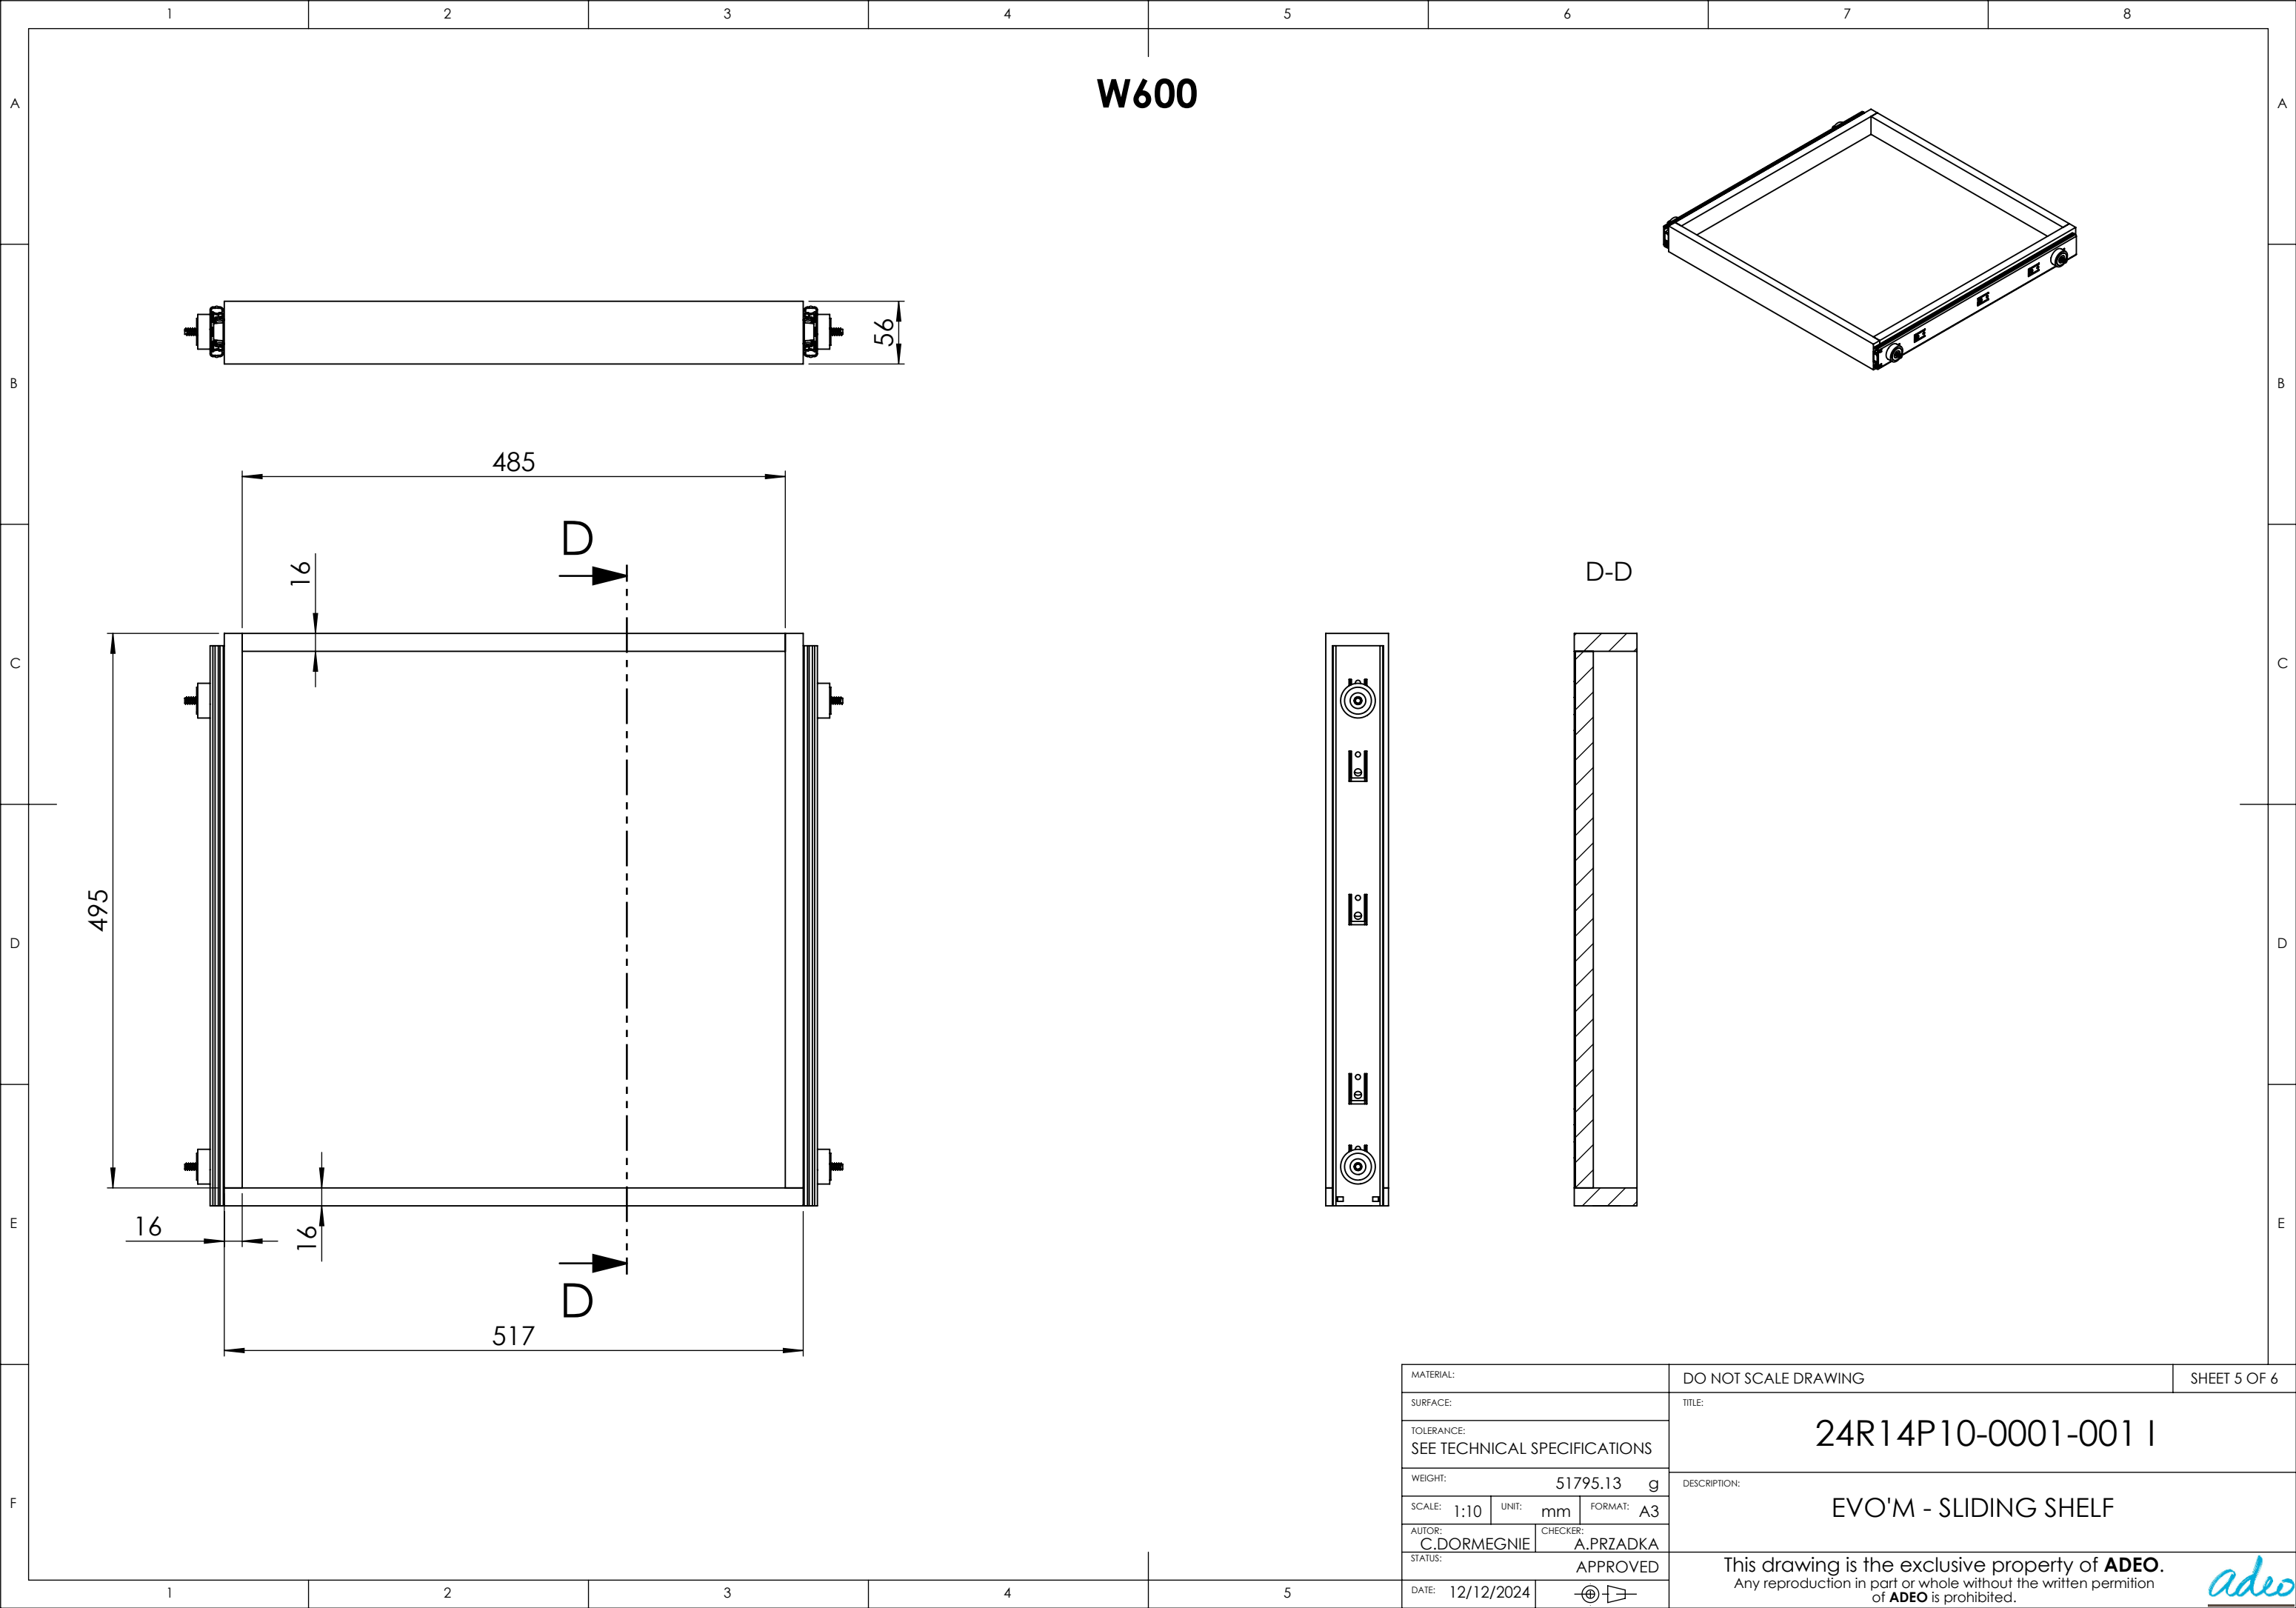

The drawing includes three main views:

- Top View:** Shows the overall dimensions of the shelf. The width is 600 mm (labeled W600). The depth is 495 mm. The distance between the inner sliding rails is 485 mm. The distance between the outer mounting rails is 517 mm. The thickness of the shelf is 16 mm. A section line D-D is indicated.
- Side View:** Shows the profile of the shelf. The height is 56 mm. The section line D-D is indicated.
- Section D-D:** A cross-section view showing the internal structure and the sliding mechanism.

Additional details include:

- Isometric view of the shelf assembly.
- Section line D-D.
- Section line D-D.
